

## Centipede Overhead Line ATF Feeder Cable - Network Rail Certified

### Description

Centipede Auto Transformer Feeder (ATF) cable was designed for the Railway industry and is used to deliver improved and upgraded power supplies in comparison to legacy overhead line equipment (OHL)

Centipede ATF is an along track overhead conductor cable to distribute power across the line via the autotransformers and can be used both for aerial and insulated cable routes. Centipede ATF cable is manufactured in accordance with drawing number 148/752/998.

### Key Features

**Core Identification**  
Centipede: 415-AL 1

**Minimum Bending Radius**  
9X Overall Diameter

**Temperature Limits**  
Temperature Range: -30°C to +70°C

**Drawing Number**  
Centipede: 148/752

### Standards

- BS EN 50182
- BS 215-1
- PADS REF: 0091/030481

### Construction

- **Conductor:** Stranded Aluminium Conductors

### QA Lab

#### Cleveland Cable Test & Training Lab

Our state-of-the-art cable testing facility ensures that every cable meets the highest standards of quality and compliance through continuous, rigorous testing. Where applicable, cables are independently tested and certified by BASEC to ensure full compliance.

#### CPR

Cleveland Cable Company is committed to compliance with the Construction Products Regulation (CPR). Where applicable, all cables manufactured after 1st July 2017 have been assessed in accordance with CPR requirements, with full supporting documentation available.

### Our Sustainability Commitment

We are committed to the journey to Net Zero as a business partner, an employer and a community member.

By thinking and acting sustainably, we deliver excellent customer service while reducing carbon emissions in collaboration with our customers and suppliers.

#### ecovadis

Cleveland Cable Company has been independently assessed by EcoVadis, a globally recognised provider of business sustainability ratings. Our score places us among the top 35% of companies evaluated worldwide, reflecting our strong commitment to environmental, social, and ethical performance
