CMP Centurion Cleats

Description

Overview

CMP Centurion cable cleats are metallic cable cleats which have been designed, constructed, and tested in accordance with the International Standard IEC 61914: Cable cleats for electrical installations, to ensure the securing and retention of cables, without sustaining damage to the cables.

The range is fabricated from 5000 series aluminium.

- Third party certification to IEC 61914
- 5000 series aluminium
- 19 – 128mm in 23 sizes for trefoil formation/application
- Operating temperature -60°C to +60°C
- Three M10 fixing clearance holes within one base
