

# Low Voltage Aluminium Waveform Cable - 1kV, XLPE, LSZH - 95mm<sup>2</sup> to 300mm<sup>2</sup>

### Description

Used by Distribution Network Operators (DNOs) such as UKPN, WPD, ENW, NPG, SSE etc.

Aluminium Waveform cable is used as an energy supply cable most commonly found in power station distribution, panel boards and street lighting areas where mechanical protection is required. It consists of 3 or 4 aluminium conductors in sector shape with a copper conductor in a waveform lay.

### **Key Features**

Voltage Rating 600/1000 Volts

Minimum Bending Radius 95mm<sup>2</sup>: 8X Overall Diameter 185mm<sup>2</sup>: 9X Overall Diameter 300mm<sup>2</sup>:10 X Overall Diameter

Flame Retardancy BS EN/IEC 60332-1-2 BS EN/IEC 60332-3-24

**Temperature Limits** Temperature Range: 0°C to +90°C

### **Core Colours**

#### **Standards**

- BS 7870-3-50
- IEC/EN 61034-1/2,
- BS EN/IEC 60332-1-2
- BS EN/IEC 60228
- BS EN/IEC 60332-3-24
- BS7870-1

#### Construction

- Conductor: Class 1 solid aluminium conductor
- Insulation: Cross Linked polyethylene (XLPE)
- Bedding: Extruded Rubber Compound
- Separator: Polyester Tape (PET)
- Waveform Conductor: Plain Copper wire Screen
- Separator: Binding yarn
- Outer Sheath: Low Smoke Zero Halogen (LSZH)
- Sheath Colour: Orange

## **QA Lab**

#### Cleveland Cable Test & Training Lab

Our state-of-the-art cable testing facility ensures that every cable meets the highest standards of quality and compliance through continuous, rigorous testing. Where applicable, cables are independently tested and certified by BASEC to ensure full compliance.

#### CPR

Cleveland Cable Company is committed to compliance with the Construction Products Regulation (CPR). Where applicable, all cables manufactured after 1st July 2017 have been assessed in accordance with CPR requirements, with full supporting documentation available.

## **Our Sustainability Commitment**

We are committed to the journey to Net Zero as a business partner, an employer and a community member.

By thinking and acting sustainably, we deliver excellent customer service while reducing carbon emissions in collaboration with our customers and suppliers.

## ecovadis

Cleveland Cable Company has been independently assessed by EcoVadis, a globally recognised provider of business sustainability ratings. Our score places us among the top 35% of companies evaluated worldwide, reflecting our strong commitment to environmental, social, and ethical performance
