

## Railway Points Heater Cable - EPR, PCP - 1.5mm<sup>2</sup> to 16mm<sup>2</sup>

### Description

Point Heater Cables meet Network Rail standards and are specifically designed for powering point heating systems to protect them during cold weather and the associated low temperatures. They are a heavy duty flexible cable which still offer good protection from abrasion and mechanical damage whilst not being armoured.

Manufactured to Network Rail specification NR/SP/ELP/40045 (formerly R/E/PS/40045)

### Key Features

**Voltage Rating**  
300/500 Volts  
Dependent Upon Network Rail Application

**Minimum Bending Radius**  
7.5 x overall diameter

**Temperature Limits**  
Fixed -30°C to +70°C

### Core Colours

4 core

8 core

### Standards

- Network Rail Specification NR/L2/ELP/40045
- BS EN/IEC 60228
- BS EN 50363

### Construction

- **Conductor:** Class 5 tinned copper
- **Insulation:** Ethylene Propylene Rubber (EPR) Type GP4
- **Outer Sheath:** Polychloroprene (PCP) Type EM2
- **Sheath Colour:** Black

### QA Lab

#### Cleveland Cable Test & Training Lab

Our state-of-the-art cable testing facility ensures that every cable meets the highest standards of quality and compliance through continuous, rigorous testing. Where applicable, cables are independently tested and certified by BASEC to ensure full compliance.

### CPR

Cleveland Cable Company is committed to compliance with the Construction Products Regulation (CPR). Where applicable, all cables manufactured after 1st July 2017 have been assessed in accordance with CPR requirements, with full supporting documentation available.

### Our Sustainability Commitment

We are committed to the journey to Net Zero as a business partner, an employer and a community member.

By thinking and acting sustainably, we deliver excellent customer service while reducing carbon emissions in collaboration with our customers and suppliers.

### ecovadis

Cleveland Cable Company has been independently assessed by EcoVadis, a globally recognised provider of business sustainability ratings. Our score places us among the top 35% of companies evaluated worldwide, reflecting our strong commitment to environmental, social, and ethical performance
