

RZ1-K (AS) XLPE LSZH Flexible 1.8/3kV Cable

Description

The RZ1-K(AS) is a single core flexible copper power and control cable with a voltage rating of 1.8/3kV. The RZ1-K is manufactured with Class 5 copper conductors designed to be used in complicated containment routes. The Low Smoke Zero Halogen (LSZH) Polyolefin outer sheath doesn't emit toxic fumes and smoke in the event of fire which makes it safe to be installed in buildings and public areas in line with CPR 2017.

This cable generally has a UV resistant green or black sheath making it also suitable for direct exposure to sunlight. The cable is manufactured for many versatile installations both internal and external including usage in underground outdoor lighting arrangements. This cable is not suitable for direct burial as it has no mechanical protection. RZ1-K is also available as a 0.6/1kV multicore cable.

Key Features

Voltage Rating 1.8/3kV

Minimum Bending Radius

6 x overall diameter

Minimum Bending Radius

 $5 \times \text{ overall diameter } (25 \le D \le 50)$ 6 x overall diameter (D>50)

Flame Retardancy BS EN/IEC 60332-1

BS EN/IEC 60332-3

Temperature Limits

Temperature Range: -30°C to +60°C Maximum Conductor Temperature: 90°C Short Circuit Temperature: +250°C

Standards

- UNE 211605
- UNE 21123-4
- BS EN/IEC 60228
- IEC 60502-1
- BS EN/IEC 60754-1/2
- BS EN/IEC 60332-3
- BS EN/IEC 61034
- BS EN 50618
- BS EN/IEC 60332-1

Construction

- Conductor: Class 5 flexible stranded copper conductor
- Insulation: Cross Linked polyethylene (XLPE)
- Outer Sheath: Halogen Free Polyolefin (PO)
- Sheath Colour: Green or Black

QA Lab

Cleveland Cable Test & Training Lab

Our state-of-the-art cable testing facility ensures that every cable meets the highest standards of quality and compliance through continuous, rigorous testing. Where applicable, cables are independently tested and certified by BASEC to ensure full compliance.

CPR

Cleveland Cable Company is committed to compliance with the Construction Products Regulation (CPR). Where applicable, all cables manufactured after 1st July 2017 have been assessed in accordance with CPR requirements, with full supporting documentation available.

Our Sustainability Commitment

We are committed to the journey to Net Zero as a business partner, an employer and a community member.

By thinking and acting sustainably, we deliver excellent customer service while reducing carbon emissions in collaboration with our customers and suppliers.

ecovadis

Cleveland Cable Company has been independently assessed by EcoVadis, a globally recognised provider of business sustainability ratings. Our score places us among the top 35% of companies evaluated worldwide, reflecting our strong commitment to environmental, social, and ethical performance
