

SANS 1507-3 PVC-SWA-PVC Low Voltage Cable, Mains & Control - 1.5mm² to 16mm²

Description

SANS 1507-3 is a copper PVC sheathed low voltage power transmission cable with a rated voltage of 0.6/1kV meeting South African national standards. The SANS 1507-3 cable is armoured with PVC insulation and has a temperature range of -10°C to +70°C. To differentiate it from the SANS 1507-4 XLPE insulated 90°C cable it has a black PVC outer sheath with a blue stripe. They are commonly specified in wide range of industrial projects, in mining, petrochemical, and infrastructure environments. Due to the steel wire armour providing mechanical protection the cable is suitable for direct burial, burying in ducts and laying in racking and tray in internal and external installations.

Key Features

Voltage Rating 600/1000 Volts

Minimum Bending Radius Fixed: 6 x overall diameter

Flame Retardancy BS EN/IEC 60332-1-2

Temperature Limits Temperature Range: -10°C to +70°C

Core Colours

Sheath Colour

Standards

- BS EN/IEC 60332-1-2
- SANS 1507-3

Construction

- Conductor: Stranded copper conductor
- Insulation: Polyvinyl Chloride (PVC)
- Bedding: Polyvinyl Chloride (PVC)
- Armour: Steel Wire Armour (SWA)
- Outer Sheath: Polyvinyl Chloride (PVC)
- Sheath Colour: Black with Blue stripe

QA Lab

Cleveland Cable Test & Training Lab

Our state-of-the-art cable testing facility ensures that every cable meets the highest standards of quality and compliance through continuous, rigorous testing. Where applicable, cables are independently tested and certified by BASEC to ensure full compliance.

CPR

Cleveland Cable Company is committed to compliance with the Construction Products Regulation (CPR). Where applicable, all cables manufactured after 1st July 2017 have been assessed in accordance with CPR requirements, with full supporting documentation available.

Our Sustainability Commitment

We are committed to the journey to Net Zero as a business partner, an employer and a community member.

By thinking and acting sustainably, we deliver excellent customer service while reducing carbon emissions in collaboration with our customers and suppliers.

ecovadis

Cleveland Cable Company has been independently assessed by EcoVadis, a globally recognised provider of business sustainability ratings. Our score places us among the top 35% of companies evaluated worldwide, reflecting our strong commitment to environmental, social, and ethical performance
