

XCMK-HF, FXQJ, EXQJ, IFSI Cable - 1.5mm² to 300mm²

Description

XCMK-HF, FXQJ, EXQJ, IFSI is a copper power distribution cable designed for permanent installation in public buildings such as hospitals, schools, airports and shopping malls and large industrial plants throughout the Nordic and European markets. They are specifically designed for environments where fire safety and electromagnetic compatibility are priorities. This cable is halogen-free, flame-retardant and classified under CPR as Dca-s1,d2,a1. XCMK-HF cable may be laid indoor or outdoor, for fixed installations. Direct burial in soil is allowed, as long as the relevant national guidance on installation is followed.

XCMK-HF: A standard flame-retardant power cable for the Finnish market, often used as a halogen-free equivalent to MCMK cables.

FXQJ & EXQJ: Heavily used in Sweden and Norway for industrial distribution. The "J" typically indicates the presence of a concentric copper screen that can act as a protective earth or neutral conductor.

IFSI: Often used in industrial facilities where Electromagnetic Interference (EMI) is a concern. The construction includes a screen that protects sensitive electronic equipment from electrical noise.

Key Features

Voltage Rating
600/1000 Volts

Minimum Bending Radius
12 x Overall Diameter

Flame Retardancy
BS EN/IEC 60332-3-23

Temperature Limits
Temperature Range: -15°C to +90°C

Core Colours

- 2 core: Blue Brown
- 3 core: Brown Black Grey
- 4 core: Blue Brown Black Grey
- Outer Sheath: Black

Standards

- IEC 60502-1
- HD 604-S1-5I
- SFS 5546
- SS 424 14 18

Construction

- **Conductor:** Up to 6mm², Class 1 solid copper conductor | Above 10mm², Class 2 stranded copper conductor
- **Insulation:** Cross Linked polyethylene (XLPE)
- **Bedding:** Extruded elastomere or plastomere compound or plastic tape
- **Concentric Conductor:** Copper wires with helical equalising copper tape
- **Outer Sheath:** Halogen Free Fire Retardant (HFFR)

QA Lab

Cleveland Cable Test & Training Lab

Our state-of-the-art cable testing facility ensures that every cable meets the highest standards of quality and compliance through continuous, rigorous testing. Where applicable, cables are independently tested and certified by BASEC to ensure full compliance.

CPR

Cleveland Cable Company is committed to compliance with the Construction Products Regulation (CPR). Where applicable, all cables manufactured after 1st July 2017 have been assessed in accordance with CPR requirements, with full supporting documentation available.

Our Sustainability Commitment

We are committed to the journey to Net Zero as a business partner, an employer and a community member.

By thinking and acting sustainably, we deliver excellent customer service while reducing carbon emissions in collaboration with our customers and suppliers.

ecovadis

Cleveland Cable Company has been independently assessed by EcoVadis, a globally recognised provider of business sustainability ratings. Our score places us among the top 35% of companies evaluated worldwide, reflecting our strong commitment to environmental, social, and ethical performance
